Integrating Fortis with Sage 300 is easy

Step 1 Meet your Guide

We match you with one of our certified Fortis Guides with a deep expertise for both Sage and the payments industry. Our knowledgeable professionals are uniquely positioned to consult you to define your short and long term goals.

Step 2 Develop a Roadmap

Your Fortis Guide works alongside you to quickly and seamlessly integrate into your Sage 300 solution without any interruption to your daily operations.

Step 3 Learn from Custom Reports

Our enriched data provides you access to critical information like near-real-time insights, dynamic reporting tools, and more that will help guide your business towards growth and optimization.

You're Integrated! 24/7 Support

You can always rely on your Fortis Guide and our expert Customer Support Team to help assist you 24 hours a day, seven days a week.

Benefits of Fortis with Sage 300

Click to pay invoices

Email or text invoices to your customers and receive payments with the simple click of a button.

Invoice chasing

Set up notifications to alert customers of unpaid invoices, allowing you to collect payment at any time.

Online customer portal

Give customers access to a secure portal to view and pay open invoices.

Flexible payment options

Accept credit/debit, ACH and cloud EMV, allowing customers to pay the way they want.

Stored payment methods

Safely store your customer's payment methods and information to use on future invoices.

Easily view all transactions

Access the gateway at anytime to send, print or void receipts.

Multi-pay functionality

Show all invoices and allow customers to pay multiple invoices at one time.

Customizable reporting

Monitor financial health with detailed transaction reporting on demand.

Recurring billing

Set up customized payment schedules and keep track of your invoices all in one place.

Dedicated ERP experience team

From installation to troubleshooting, you can rely on our customer support experts.
